Your child was recently tested to determine eligibility for the dyslexia program. A school committee has reviewed the test results and other information about your child and has decided that he/she does not qualify for the dyslexia program.

If you have any questions about the testing results contact the coordinator of the dyslexia program at the school or your child's teacher. Additional information about the program can be obtained by calling the Dyslexia Coordinator at 210-354-3635.
