

Welcome to The 100% Campaign Webpage

□

The 100% Campaign is a partnership between **SAISD and Children's Defense Fund** to systematically identify and link eligible uninsured children with the Children's Health Insurance Program (CHIP) and Children's Medicaid or offer alternative healthcare information.

The 100% Campaign educates families about how to utilize and renew their children's health coverage to avoid unnecessary and costly emergency room visits.

□ **It is SAISD's goal to link every uninsured child in San Antonio ISD with affordable health coverage or provide alternative resources if families do not qualify for health insurance.**
