- SAISD Assistant Director Plant Services Structural
- Texas Department State Health Services Asbestos Supervisor & Inspector

Peter Swerzenski, [pswerzenski@saisd.net](mailto:pswerzenski@saisd.net) This e-mail address is being protected from spam bots, you need JavaScript enabled to view it , phone: (210) 554-2420

- SAISD asbestos "designated person"

### **Asbestos Management Plans (AMPs)**

- Required by law to be on-site and available to staff, parents/guardians, and contract workers.
- Are specific for each campus and are maintained in a red binder either within the campus library, main office or other designated (accessible) location.
- Contains notification requirements (including the "[Campus Asbestos Management Availability](#)" poster, initial and 3-year re-inspection reports, 6-month surveillance reports, bulk sample reports, documentation of asbestos activity, etc.
- Should be consulted prior to any maintenance, remodeling, and/or renovation work at the campus that may disturb known or suspect asbestos-containing material (ACM).
- Updates to the AMPs are provided on an on-going basis to the campus by Environmental Programs. A complete AMP revision is provided every three years.

### **Asbestos 3-yr Re-Inspections / 6 Mo. Surveillance**

- Campuses with known or suspect asbestos-containing material (ACM) will be re-inspected every three years by a Texas licensed asbestos inspector.
- The head custodian, his/her designee or a member of Environmental Programs will perform (and document) a surveillance of all accessible asbestos-containing material (ACM). This surveillance will be performed and documented every April and October.

### **Asbestos Training**

## **Asbestos**

Last Updated Monday, 11 March 2013 21:17

---

- New custodial and maintenance staff receive an initial two-hour asbestos awareness training class (as required by 40 CFR 763.92)
- Asbestos updates are provided to custodial staff on a regular basis
