SAISD Assistant Dir. Environmental Programs

The [SAISD Hazard Communication Program](#)

Environmental Programs updates the “working draft” of the [SAISD Hazard Communication Program](#) (which includes the “Workplace Chemical List” (WCL)) annually. The written program includes:

- Responsibilities / Coverage
- MSDS / Container Labels
- Training / Personal protective equipment
- Posting Texas DSHS [Employee Notice](#) / Reporting Fatalities & Injuries
- Definition / Workplace Chemical List (WCL)
- Definitions / the SAISD WCL

The current SAISD Hazard Communication is available in [pdf](#) form or can be obtained by contacting Environmental Programs.

[Safety Data Sheet \(SDS\) Access](#)

MSDS / SDS for most hazardous chemicals / materials (e.g., those stocked by the Purchasing or Plant Services warehouses) are available on the [SAISD SDS Digital Library](#) .

MSDS / SDS for laboratory chemicals can be access through the Flinn Scientific “Flinn MSDS” website located at <http://www.flinnsci.com/msds-search.aspx> . If you cannot find an MSDS for a laboratory chemical contact the SAISD Science and Curriculum Management Department @ 210-354-4385.

If you need an MSDS for an SAISD chemical that you cannot find contact either Eddie Pena or Peter Swerzenski (Environmental Programs) at 210-554-2420.

[See the Hazard Communication Q&A for additional information.](#)
