

San Antonio ISD District Parent Involvement Policy

In support of strengthening student academic achievement, each local educational agency (LEA or school district) that receives Title I, Part A funds must develop jointly with, agree on with, and distribute to, parents of participating children a written parental involvement policy that contains information required by section 1118(a)(2) of the Elementary and Secondary Education Act (ESEA) (district wide parental involvement policy). The policy establishes the LEA's expectations for parental involvement and describes how the LEA will implement a number of specific parental involvement activities. BREAKOUT SESSION 2

Pathways and Supports of Federally Mandated Educational Services

**Presenters: Brenda Sonnen, Federal Programs, Coordinator, Instructional Support
Kish Russell, Federal Programs, Coordinator, Compliance**

The No Child Left Behind (NCLB) Act of 2001 has a focused goal to ensure that every child is provided with a quality education. To achieve this vision, both schools and parents/family members must actively support each other's roles and responsibilities as partners in the educational process of their children. This session will provide information related to the school-wide program and components for meeting the goal. Parents/family members will be informed of their right to be involved and the process available to them to provide input into the planning, review and improvement of these programs. Information will also be discussed regarding private schools providing services to SAISD students as well as SAISD students attending private schools and the processes available for input from stakeholders.

La ley federal Que Ningún Niño se Quede Atrás (NCLB) de 2001 tiene como objetivo enfocarse en asegurar que cada niño sea proporcionado con una educación de calidad. Para lograr esta visión, ambos, las escuelas y los miembros de la familia deben apoyar activamente los roles y las responsabilidades del uno al otro, como socios en el proceso educativo de sus niños. Esta sesión proporcionará información relacionada al programa y los componentes para lograr el objetivo. Los familiares serán informados sobre su derecho de participación en la planificación, revisión y mejora de estos programas. La información también será discutida con respecto a las escuelas privadas que proporcionan servicios a estudiantes de SAISD, así como de estudiantes de SAISD que asisten a éstas y los procesos disponibles para la opinión de las partes interesadas.
