Transition

The ARD committee has determined that transition services are not age appropriate at this time.

Beginning not later than the first IEP to be **in effect** when the student turns 16, or younger if determined appropriate by the ARD committee, transition services must be addressed.

[19 TAC § 89.1055 (g)]

Initial transition services discussion occurs no later than the first IEP to be in effect when the student turns 16. Date:

Look in the eligibility folder and find the IEP that documents the first transition service discussion that occurred before the student turned 16. Write the date of the ARD in the box above.

Yes No N/A Clear This student's transition services have been updated (at least annually) for this current ARD.

The following issues must be considered in the development of the IEP, and, if appropriate, integrated into the IEP:

Yes No Clear The student is younger than 18 years of age with appropriate parental involvement in the student's transition.

Yes No Clear The student is at least 18 years of age, and appropriate parental involvement was requested by the adult student or the LEA.

The student is 17 and therefore has been informed of his/her rights under the IDEA, if any, that will transfer to him/her on reaching the age 18 as evidenced by the receipt of Procedural Safeguards on file in the eligibility folder.
