

# November Spotlight on: READ 180 Success with Software

The following students were selected for the November Spotlight. Each student will receive a certificate, goodie bag, and big recognition for their hard work in READ 180/System 44. Congratulations!

Campus	Student Name	Teacher's Nomination
Thomas Jefferson High School  	Roxanne Reyes	<p>I would like to recommend Roxanne Reyes 9th grade student in my 2nd period class. Roxanne is doing exceptionally well in the software rotation. Software data indicates she completes the allotted number of minutes, demonstrates mastery in her zones and she is a very hard worker. Roxanne is very focused when she is working on software.</p> <p>Thank you,  <b>Elizabeth de Leon</b>  <b>Monitoring Teacher</b>  <b>Thomas Jefferson High School</b></p>
Rogers Middle School  	Cynthia Gonzalez	<p>I have chosen to recognize Cynthia Gonzalez for the Success with Software Spotlight. She completes the allotted number of minutes per week in the software rotation without complaining. She is motivated to do her best work on the software. She stays focused and on task during the software rotation. Cynthia is progressing as expected on System 44 and has good averages across the four areas. She works towards mastery in all zones. I'm very proud of her.</p> <p><b>Elaine Ray</b>  <b>Special Education/READ 180</b>  <b>Rogers Middle School</b></p>
Rogers Middle School  	Americo Ayala	<p>I am recognizing Americo Ayala for his exceptional work in the software rotation. He has completed 5 segments this year and has completed the allotted number of minutes per week. He does his best on the software knowing that it will help improve his lexile on the SRI. Americo improved 43 points from September. He has read 39,465 words to date and mastered 491 spelling words. He always goes into the reading zone first and watches the videos. I never have to tell him to focus or stay on task during the software rotation. He works towards mastery in all zones making sure that his averages are great in all four areas. Having set the goal to improve by at least 100 points by the end of the year has driven him to do his best. I know that he will achieve that goal.</p> <p><b>Elaine Ray</b>  <b>Special Education/READ 180</b>  <b>Rogers Middle School</b></p>

<p>Edison High School</p> 	<p>Salvador Rios</p>	<p>Salvador Rios Grade 10 1st Period J Longoria</p> <p>Has completed a segment  Follows all steps  Passing grade in all categories  Entered Read 180 August 2010  Newcomer ELL from Monterrey, Mexico  First time in U.S. schools  Learned English basics in home country and determined to refine and polish skills. Said my class was his favorite-the BEST! Astonishing progress:  Benchmark 1 -743, Benchmark 2 -813 Independent Reading on schedule- 3 books completed, grade 90-100</p> <p><a href="#">Jesus Longoria</a>  <a href="#">Read 180 Teacher</a>  <a href="#">Edison High School</a></p>
<p>Bonham Academy</p> 	<p>Christopher Sanchez</p>	<p>Christopher Sanchez 4<sup>th</sup> grade Period 1</p> <p>This is Christopher's first year in Read 180 and he is doing an awesome job. He loves to get on the software and work. He always knows to begin in the Reading zone. He takes his time answering the 2 questions, and if he is not sure about something he goes back to the passage. He is always checking to see how many questions or words he still has to do. He even lets me know how he is doing. When he records himself on the Word Zone he always checks to see if he is pronouncing the words correctly. He has already finished 1 segment and doing well on his current segment. He is a joy to have in my class!</p> <p><a href="#">Pamela Franklin</a>  <a href="#">Special Education &amp; Read 180 Teacher</a>  <a href="#">Bonham Academy</a></p>
<p>Bonham Academy</p> 	<p>Roberto Carbajal</p>	<p>Roberto Carbajal 6<sup>th</sup> grade Period 4</p> <p>Roberto is having much success with the software. He always begins in the Reading Zone and takes his time answering the questions. He knows that if he is not sure about an answer he can go back to the passage. He really focuses on each zone and tries his best. He takes his time when he is recording and makes sure that the words are pronounced correctly. Keep up the great work Roberto!!!</p> <p><a href="#">Pamela Franklin</a>  <a href="#">Special Education &amp; Read 180 Teacher</a>  <a href="#">Bonham Academy</a></p>

Joel C. Harris  
Academy

Anabyl Melendez

My name is Elizabeth A. Castillo and I am the READ 180 teacher at Joel C. Harris Academy. I would like to submit my student, Anabyl Melendez 8<sup>th</sup> grader for "Success with Software" student spotlight. I have had the honor of working with Anabyl for the last year and a half. I have see her blossom into a strong and confident reader. While on rotation for software, she makes it a point to give 110%. Her total words read are over 34,000! She averages about 18 minutes while on computers. Anabyl loves going to computers because she can take her time and she knows that the computer will not judge her. I wish Anabyl much success in the future. Way to go Anabyl!!!!
