Best Wishes to Ms. Gonzalez!

As we are closing out the year, Middle School Partners will be sending off one of our teachers into retirement. Ms. Gonzalez from Poe Middle School will be saying her last good-bye's as a Middle School Partners teacher. When the partners position became available, Ms. Gonzalez was approached with the opportunity to in-

spire our students. She was fully committed to the five years of the grant. She has fulfilled her commitment and is ready for the next chapter in her life. Ms. Gonzalez will be retiring from our district with 40 years of teaching experience. Although not entirely with SAISD, she was able to spend a better part of her final years with us. She will be sadly missed and we want to wish her the best in her new chapter!

THE SPOTLIGHT

Our MSP Student of the Week is Norma M. from Longfellow Middle School.

Norma is a dedicated student that prides herself with self-respect and discipline. She recognizes the importance of family values and a solid education. Norma is a member of LOTC and has made assistant squad leader. She has perfect attendance and has been on the A/B honor roll all year. Norma has been accepted to St. Phillips Early College to further her education in nursing. Once she graduates she wants to be a nurse in the ARMY.
