Harris Middle School	23
TIED-Whittier, Poe & Twain Middle School	20
Lowell Middle School	17
Overall MSP Campuses	96.75

Abilene ISD Comes to Visit MSP Classrooms

Mrs. Linda Perkins from Abilene ISD came to visit our district to see how our campuses function with the Partners program. Three years ago, Abilene ISD heard about the MSP program and it's successes and wanted to model a program similar to ours. Since then, they have implemented the program in all of their middle schools and are continuing to see progress. Mrs. Perkins was excited to see what some of our campuses

were doing and was looking for some ideas to take back with her to Abilene. She was able to have a question and answer session with the students in Ms. Adam's class at Twain Middle School. The students shared with her the passion they had for learning and being a part of a "family." Many students commented on their bond that they have built in the classroom and how they feel "safe" in their environment. They admitted that last year they were not concerned about their attendance, grades, or their discipline. The culture that is being built in the classroom by Ms. Adam's was clearly displayed as one that is fun, energetic, and structured to build lasting relationships. Mrs. Perkins was overall impressed with the consistency she saw throughout all classrooms that she visited and she mentioned that she felt "recharged" and "energized" to help her students move forward in their progress.

A HUGE Thank You to Whittier Middle School, Rhodes Middle School, and Twain Middle School for allowing us to come to your campus and show Mrs. Perkins the wonderful things that MSP is doing for our students!

Congratulations to Whittier Middle School for holding onto the 1st place spot and WINNING the October Attendance Incentive! The class set a goal and held themselves accountable for their attendance and proved that they were #1. The class enjoyed a pizza party for all their hard work and efforts of being at school.
