Raising Cane's is Raising the BAR

Raising Cane's has joined Middle School Partners in the push to increase student's progress by offering a 3 week incentive for the students. The incentive will start on **March 17th** and run until **April 2nd**. The incentive is going to be offered to all 19 classrooms in the Middle School Partners Program. The classroom that completes the most lessons, collectively, during the 3-week period will enjoy lunch provided by our host. Throughout the rest of the year, Raising Cane's will be hosting different incentives to help motivate our students. We are excited to have Raising Cane's support all of our Middle School Partners in their endeavors to obtain their high school credits.
