Partners classes

## SAISD PARENT SUMMIT

This year, SAISD held the Parent summit at the Historic Sunset Station, and the theme for the summit was “Excellent Parents + Excellent Schools = Excellent Students.” With over 500 parents in attendance, the Middle School Partners Program offered information regarding the program, benefits and options that our students have at the Middle School campuses. The Middle School Partners Program recognizes

the critical role that parents play in their child's education and we want to continue to support our Parents in receiving as much information as possible regarding our program. Our continued goal has always been to keep our parents informed of their child's success as they move forward with their high school credits in the Program. We value our Parents and hope to be able to give them a options within our district.

### Our Student of the Week comes from

#### Page MS

Our student of the week is Eric G from Page MS. When asked why is he motivated for success? Eric's reply was, "I want to graduate with my original High School class." His thoughts about MSP are that , "it's a good program, and it is motivating me to do better in school." Eric played football this year, and is currently on the basketball team. He can be described as hard-working with a kind heart and spirit. He is a pleasure to have in class, and has completed Health, and currently has completed 86% of his World Geo A course. He passed the first nine weeks with mostly A's and two B's. He chose the Business & Industry pathway and says he "wants to go to college and have his own construction company." Outstanding job Eric!
