Page	9
Longfellow	5.5
Irving	5
Connell at Highlands	
Twain	
Tafolla	

Total 112.5
(whole credits)

**Indicate that the campus have 2 Partner classes

THANKSGIVING BREAK WAS A SUCCESS!

Although most of us were relaxing and recharging over the break, some of our Partner students were hard at work. The MSP Partner students were challenged over the Thanksgiving break with an incentive to continue to work on their credits during the break. During the break, over 60 students logged onto Edgenuity from 9 different campuses to continue their progress. The students were given an opportunity to win lunch of their choice, if they completed the most lessons over the break. Whittier MS had the largest group of students that participated during the break and all of the winners came from the campus. One student in particular, Rudy, did over 170 lessons during the break and was able to complete 1 whole credit. At Whittier, the students were given the chance to come up to the school and work on Monday with a laid back atmosphere, comfortable setting, and work at their own pace with no bell schedule. This is the 5th year Coach Sanford has received permission from the campus to allow students to come up and work during the break. Due to Coach Sanford’s dedication to his students, it has allowed the students to get ahead on their courses and build that relationship with each other during the break. Thanks for all your support, Coach Sanford! Congratulations to Rudy, Syerra, Hezron, and Jaylyn on a job WELL DONE!

Highlights from Thanksgiving Luncheons with the Partner Students

Longfellow MS, Tafolla MS, Rhodes MS, and Lowell MS all held different Thanksgiving events with the Partner students.

Many students had different activities, where they shared what they were grateful for and were able to enjoy a memorable event!
