Partners classes

## LET THE COMPETITION BEGIN!

At Harris Middle School, the competition is hEATING up. Ms. Tatum, the Middle School Partners teacher, works with her students to help keep them motivated and encouraged throughout the year. In the beginning of the year, she created teams and they compete against each other for a 4-week period. During the 4-week period, each week the students are scored based on how many lessons and quizzes are completed by each member of the team. At the end of the week, the collective total is posted for everyone to see, and after 4-weeks of friendly competition, the team with the highest average number of lessons completed wins a pizza party. It doesn't stop there, in order to be fair to other students that are working hard within their team, students from other teams that are the highest achiever, gets to part-take in the pizza party. Overall, Ms. Tatum and the students at Harris MS have done a great job working hard and earning those high school credits. Keep up the great work!
