"REACH, AIM AND SOAR"

Weekly Newsletter **September 30, 2016**

Overall Campus Credits

As of Sept 29

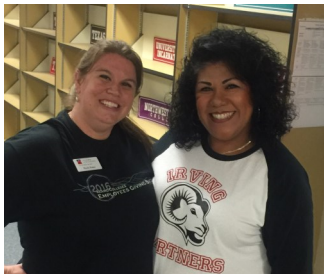
Total

**The schools highlighted received credits during the week of Sept 23—Sept 29.

San Antonio College Partners with Irving MS

San Antonio College Outreach & Recruitment is partnering with Middle School Partners once again this year—**and we could not be happier**. Last year, SAC was able to provide our Partner students at Irving the opportunity to work with mentors. It was such a huge success last year that they wanted to come back to Irving for another year. The MSP students and Ms. Pindell, MSP Teacher, are excited to start the new year with the new group of mentors.

The mentors were able to have a meet and greet with the Partner students to be able to get to know each other. From team building to working on credits, the Partner students and mentors have been working together to try to build a positive relationship. During a team building activity, the students expressed excitement to be earning high school credits and working with their new mentors. Dr. Gutierrez, Irving Principal, has embraced the Partners Program with open arms and is excited to have the support from San Antonio College Outreach & Recruitment. SAC is not stopping with just Irving MS, they have started to branch out to other schools, with Rhodes MS being their next success! **Thank you SAC for being our Community Partner!**



Our Student of the Week comes from Tafolla MS.

Felicity B. is our student of the week from Tafolla MS. Felicity demonstrates many great characteristics that will help her succeed in our program. In the first three weeks of school she has made a huge impact on the class. She is willing to help her classmates in core content classes. Teachers would describe her as an eager learner who wants to do her best. Ms. Mendez, MSP Teacher, is looking forward to see what the year has in store for her. **Awesome job, Felicity!**

Congratulations to the Student of the Week Felicity from Tafolla MS
