Our Student of the Week comes from Tafolla Middle School.

Jay R. is a leader both in and out of school. He is involved in football, basketball, and soccer. In all his core classes he is focused, driven, and continues to do very well. He is a well- rounded student and enjoys helping other students with APlus. He is a leader in attendance and with his grades. Mr. Diaz his math teacher and coach commented, “Working with Jay is great, something to look forward to everyday!” We are very proud of Jay and his dedication to the program! Way to go Jay!

MIDDLE SCHOOL PARTNERS: WHERE ARE THEY NOW?

As Joseph T. took his first steps onto Edison High School, he hoped that everything that he learned from the Partners Program at Whittier MS was going to help him transition into being a freshman in 2015-2016 school year. Joseph has found his place at Edison and many people are taking notice. When asked what he liked most about being in high school he said his academic mentoring class because it reminded him of his Partners class. Joseph was able to earn 2.5 credits last year in the Partners Program with Coach Sanford at Whittier MS. When talking with Joseph, he said that he was proud to

already have 6.5 total credits by the 1st semester. Although he was excited about being ahead, he did mention that he should have listened to Coach Sanford and earned as many credits as he could while in the Partners Program. He is looking forward to going to college somewhere out of state with goals of becoming a sports analyst or a sports trainer. As our visit came to an end, I asked if he wanted to share any tips with our current Partner students and he stated, “ take advantage of being in Partners and earning credits for high school, keep working hard and don’t slack, and listen to your Coach when he says to stay focus because you will regret not earning credits later.”

Awesome advice from an awesome student!
