Intro to SAISD's Online Print Ordering System (Digital Storefront)

Introduction

This training is intended for all secretaries or support staff who are responsible for ordering printing products. At the end of the training you will be able to order at your convenience online.

Overview

In this training participants will discover the convenience of ordering from any district computer with intranet access. You will also learn how to submit new print orders and review status of orders already in progress.

Register through ePATH
