Will Rogers

Students at Will Rogers Elementary School are growing up during an exciting time in history, with opportunities open to them that might have seemed unimaginable a few decades ago.

Our faculty and staff are ready to prepare our students for a world that is constantly changing.

To meet this challenge, Rogers's students will apply technology, math/science, and communications skills every day. Through classroom experiences, educational partnerships, and extra-curricular activities, students will learn how to build positive relationships with others. Since learning is a life-long process, we aspire to instill a love for learning by encouraging curiosity and discovery in every child.

We are determined to be a school that embodies our community's spirit and pride.

Not only will we begin construction for a **NEW SCHOOL** of our dreams - but we want to **DREAM BIG** for our Students and Community.

Please join us in reaching these ambitious endeavors !
