The SAISD Athletic Program promotes the physical, mental, moral, and social well-being of students. The athletic program is an integral part of the total educational process.

Athletics provide opportunities for students to develop and utilize athletic talents fully in organized competition with students of similar ability. We feel that the ultimate mission of the SAISD Athletic Department as an integral part of the total educational program is to ensure and enhance the quality of life for youth by providing competitive activities that will produce young men and women able to enter the community and become constructive, contributing members of society.

With special concern for youngsters of all ethnic groups and varied backgrounds, the SAISD assists these youths to help them to realize their full potential relative to their growth and development. Basing its programs upon participation, community involvement, and its recognized role as molders of men and women, SAISD is aware of influences of the total environment and so will provide its youth with a competitive, varied, and diversified program, designed not only to teach athletic skills but to also instill good character and teach sound values. Therefore, to accomplish our mission in SAISD, we provide our youth with effective services--based on principles of behavioral guidance which will help achieve health, social, educational, physical, recreational, and cultural development.

It is the responsibility of each school to keep on file the required annual forms for each student who participates in any practice, scrimmage, or game (i.e. medical form, parent permission and acknowledgment of rules form, parent and student steroid notification form, PAPP, special transfer papers, foreign exchange forms, UIL eligibility form (team and/or individuals), Magnet acceptance letters, weekly game report forms, injury forms (football only), concussion acknowledgement form, and sudden cardiac arrest awareness form.

SPORTSMANSHIP GOAL

Responsible behavior where youngsters play hard, play safe, and accept the results of interscholastic competition is SAISD's sportsmanship goal. Keep athletics in perspective.

Given the adverse influence that higher levels of athletic competition have on our communities as well as our student-athletes, it is important that we establish an acceptable standard for sportsmanlike behavior and admonish behavior that is unacceptable.

As a coach - we ask that you:

- Exemplify the highest degree of moral character, behavior, and leadership - adhering to strong ethical standards.
- Respect the integrity and personality of the athlete.
- Teach the rules of the game - both the letter and spirit of the rule.
- Set a good example for players and spectators.
- Respect the integrity and judgment of game officials.
- Teach and reward sportsmanship.
- Do not promote any performance enhancing compounds.

Meet with the booster club, and parents:

- Explain game rules
- Set standards of acceptable behavior.
- Let parents know that their actions can and will effect the team.
- Be aware that admission to an event is a privilege, and with that privilege comes the responsibility to conduct oneself in an appropriate manner.

As a student-athlete we ask that you:

- Accept and understand both the seriousness of your responsibilities and the privilege of representing the school and community.
- Learn the rules of the game.
- Treat opponents the way you would like to be treated.
- Respect the integrity and judgment of game officials.
- Do not consume any performance enhancing compound.

Keys to good sportsmanship are simple:

- Know the rules of the game.
- Recognize good plays in both teams.
- Respect your opponents and their spectators.
- Realize that individual and team errors lose more games than bad calls.
- Practice the golden rule. (Treat others the way you would like to be treated)

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT ATHLETIC DEPARTMENT

PROCESS FOR DETERMINING UIL ELIGIBILITY

Coaches should check the following criteria to determine academic eligibility for students participating in UIL athletic events. (Exceptions are found in the UIL Constitution and Contest Rules, i.e., honor classes. Ineligible students may practice but may not compete with the team.)

I. FALL ELIGIBILITY

- * Students going into grades 7, 8, or 9 must have been promoted to (Not placed in) that grade.
- * Students going into grades 10, 11, or 12 have two ways they may be eligible for the fall semester:
 1. Receive five credits from the previous year. (When a student receives credits from the previous year, the number of credits from other high school years is not a factor.)
 2. Have accumulated at least 10 credits at the beginning of the third year and 15 credits at the beginning of the fourth year in high school.

Students who either complete summer school courses or correspondence courses prior to the fall semester may apply credits toward fall eligibility.

- * Students may become eligible for UIL competition at the end of the seventh week of school if at the end of the first six weeks grade check they are passing all courses with an average of seventy or above.

II. RETAINING ELIGIBILITY

Grade check procedures for schools on a nine-week grading period:

- * Check grades at the end of the sixth week of school. If a student fails a class on the sixth-week grade check, then he/she will become ineligible on the Friday of the seventh week.
- * Check grades at the end of the first nine-week grading period. This grade check will be a cumulative grade from week one through week nine. The student that failed at the end of the first six-week grade check can regain eligibility on the Thursday of the tenth week if he/she passes all classes at the end of the first nine-week grading period.
- * A student that is failing at the end of this nine-week grading period will become ineligible on the Thursday of the tenth week. This student's grades will be checked again at the end of the third week of the grading period. If he/she is passing all classes, he/she will regain eligibility on the Friday of the fourth week. If the student is still failing at the end of the third week, grades will be checked at the end of the sixth week to see if he/she will regain eligibility.
- * If a student is passing all classes at the end of a nine-week grading period, the student has earned their eligibility for the entire nine-week period and does not need to be checked until the end of the next nine-week period.

PREVIOUS ATHLETIC PARTICIPATION FORM PROCEDURES

1. The head coach will assist the parents or guardian in filling out the most current PAPF and questionnaire from the UIL Website.
2. The head coach will verify that student's new address is in their attendance zone. This can be done by using iDataPortal – Address Lookup.
3. The head coach will make a home visit to verify that the student and family do live at the address given. (ATTACH HOME VISIT FORM TO PAPF).
4. The head coach will verify student's date of birth from their PRC (Permanent Record Card).
5. The head coach will verify student's date of first enrollment in 9th grade from their PRC (Permanent Record Card).
6. The head coach will verify student's first enrollment in new school.
7. The head coach will attach a copy of the divorce decree to the PAPF if the parents are divorced.
8. The PAPF will be reviewed by the athletic coordinator to make sure all information has been completed and there are no further explanations needed.
9. The PAPF will be reviewed by an assistant athletic director to insure all information has been completed and there are no further explanations needed.
10. The PAPF will be sent to the DEC chairman for consideration.
11. DEC chairman will send notice of PAPF's that have no "red flags" to DEC members, High School Athletic Coordinators and all Athletic Office Administrators. After a 48 hour grace period the PAPF's will be approved if there are no objections. Any PAPF's with "red flags" will be placed on the next DEC agenda.
12. When PAPF's have been finalized the DEC chairman will keep the original and send a copy to the Athletic Director to be kept on file in the Athletic Office. Copies should also be sent to the Principal and Athletic Coordinator of school involved.

Who should complete a PAPF ?

All new students in grades 9-12 who have ever practiced or participated in any UIL athletic activity in grade 8-12 at another school MUST have this form completed by the previous school (last school of participation) and be approved by the District Executive Committee before they are eligible to participate at the varsity level at the new school. The only exceptions will be incoming freshmen that have lived in the high school attendance zone and attended the entire eighth grade year at a middle school that is in that high school's feeder pattern.

Any new student who will be competing at the varsity level, did not come from a 100% feeder school from your attendance zone, and has not been enrolled in your school continuously for 365 days should be given a home visit and have a visitation form on file. (Page, Lowell, Davis, King, Longfellow and Rhodes are 100% feeder schools for their respective high schools.) **These procedures are recommended by the athletic office as a guideline. It is ultimately the head coach's responsibility to certify eligibility based on all U.I.L. rules in the Constitution & Contest Rules Book.**

GENERAL ELIGIBILITY RULES HIGH SCHOOL

Eligibility rules are found in Section 400 and 440 of the *Constitution and Contest Rules*. Any time you have a question regarding a student's eligibility, you should consult with your school principal or superintendent. For any student who is new to your school, residence requirements according to Sections 400 (d) 440, and 442 should be thoroughly investigated.

Students are eligible to represent their school in interscholastic activities if they:

- * are not 19 years of age or older on or before September 1 of the current scholastic year. (See 504 handicapped exception.)
- * have not graduated from high school.
- * are enrolled by the sixth class day of the current school year or have been in attendance for fifteen calendar days immediately preceding a varsity contest. The students shall attend the participant school he wishes to represent prior to the deadline for district certification or he will be ineligible for post-district competition in that sport.
- * are full-time day students in a participant high school.
- * initially enrolled in the ninth grade not more than four calendar years ago.
- * are meeting academic standards required by the law.
- * live with their **parents** inside the school district attendance zone their first year of attendance. (Parent residence applies to varsity athletic eligibility only.) When the parents do not reside inside the district attendance zone, the student could be eligible if: he has been in continuous attendance for at least one calendar year and has not enrolled at another school; no inducement is given to the student to attend the school (i.e. students or their parents must pay their room and board when they do not live with a relative; students driving back into the district should pay their own transportation costs); and it is not a violation of local school or TEA policies for the student to continue his attendance at the school. Students placed by the Texas Youth Commission are covered under Custodial Residence (see Section 442 of the *Constitution and Contest Rules*).
- * have observed all provisions of the Awards Rule.
- * have not represented a college in a contest.
- * have not been recruited. (Does not apply to college recruiting as permitted by rule.)
- * have not violated any provision of the summer camp rule. Incoming 10-12 grade students shall not attend a baseball, basketball, football, soccer, or volleyball camp in which a seventh through twelfth grade coach from their school district attendance zone, works with, instructs, transports, or registers that student in the camp. Students who will be in grades 7, 8, and 9 may attend one baseball, one basketball, one football, one soccer, one softball, and one volleyball camp in which a coach from their school district attendance zone is employed, for no more than six consecutive days each summer in each type of sports camp. Baseball, Basketball, Football, Soccer, Softball, and Volleyball camps where school personnel work with their own students may be held in June, July and August prior to the second Monday in August. If such camps are sponsored by school district personnel, they must be held within the boundaries of the school district and the superintendent or his designee shall approve the schedule of fees.

- * have observed all provisions of the Athletic Amateur Rule. Students may not accept money or other valuable consideration (items which are wearable, salable or usable) for participating in any athletic sport during any part of the year. Athletes cannot allow their names to be used for the promotion of any product, plan or service. Students who inadvertently violate the amateur rule by accepting valuable consideration may regain athletic eligibility by returning the valuable consideration. If individuals return the valuable consideration within 30 days after they are informed of the rule violation, they regain their athletic eligibility when they return it. If they fail to return it within 30 days, they remain ineligible for one year from when they accepted it. During the period of time from when students receive valuable consideration until they return it, they are ineligible for all varsity athletic competition. Minimum penalty for participating in a contest while ineligible is forfeiture of the contest.
- * did not change schools for athletic purposes.

Q: May 7th and 8th grade students attend summer camps?

A: Yes. The school sponsored camp allows students who will be incoming 7th, 8th, and 9th graders to attend one football, one baseball, one basketball, one soccer, one softball, and one volleyball summer training camp in which a coach from their school district attendance zone is employed for up to six consecutive days each summer, providing the camp is held prior to the second Monday in August. If the camp is sponsored by the school district personnel, the camp fees must be approved by the local school administrator. Students shall not wear school apparel or shoes. **The students may attend other camps without the above restrictions if a coach who coaches in grades 7-12 from their school district attendance zone does not sponsor the camp or instruct the student at the camp.**

OVER AGE STUDENTS

Q: May an eighth grader who was 15 before September 1 play on the 8th grade team?

- A:** No. Any student who is 15 on or before September 1 is too old to compete on the 8th grade team. If school policy allows, the student may play on the high school 9th grade or sub-varsity team. The student, however, would have to adhere to middle school rules (e.g. number of contests per week, etc.).
- Q:** May a student in the seventh grade who has reached his/her fourteenth birthday on or before September 1st play on an eighth grade team?
- A:** Yes. The student may play on the eighth grade team providing he or she is eligible under all State Laws and academic standards and has not reached his or her 15th birthday on or before September 1.

GIRLS ON BOY’S TEAMS (Non-Discriminatory Policy)

- Q:** If the middle school girls do not have enough players to have a middle school team, may these girls try out for and participate on the boy’s middle school team?
- A:** Yes. They may tryout for and participate, if selected, on the boy’s middle school team (in sports of basketball, football, soccer, or baseball). If an individual sport such as track and field, tennis, or golf, is offered to a boy in middle school, that school must offer the opportunity for an individual female participant to participate in girl’s competition.

CONFERENCE A- Sixth Graders on 7th and 8th Grade Teams

- Q:** May a team in Conference A use sixth graders when there are insufficient numbers of seventh and eighth grade students to field a team?
- A:** Yes. Students in the sixth grade may be used on seventh and eighth grade athletic teams in Conference A or middle schools with enrollment comparable to Conference A, if their participation is needed to field a team. This does not allow for the formulation of a JV or B team at the middle school level by inclusion of the sixth grade students. If the middle school teams have twice the number of players that it takes to start a game the first day of practice, then the sixth grade shall not be used.

- Example:**
- Baseball- 18 players
 - Basketball- 10 players
 - 11-man Football- 22 players
 - 6-man Football- 12 players
 - Soccer- 22 players
 - Softball- 18 players
 - Volleyball- 12 players

PARTICIPATION FOR RETAINED STUDENTS

- Q:** May students participate in more than two years at the seventh and eighth grade level?
- A:** Yes, provided they are not in violation of the Age Rule, were not retained for athletic purposes, do not participate the first six weeks of a school year, and if they were promoted unconditionally from the previous grade to the next higher grade as required by State Law.

BANQUETS, PARTIES, ETC.

- Q:** Can a middle school athletic team attend an athletic banquet?
- A:** Yes. It is recommended that only one banquet or meal be given per activity (or one banquet to honor all sports) by the school or a non-profit organization sponsored by the
- Q:** Can an athlete participate on a non-school team in the same sport while participating on a school team?

A: Yes, but it is not recommended.

Q: Which high school coaches may attend a middle school athletic banquet?

A: Only coaches from your feeder high school.

VALUABLE CONSIDERATION THAT SCHOOL TEAMS AND ATHLETES MAY NOT ACCEPT

1. Anything that is not given, or offered, to the entire student body on the same basis that it is given to or offered to an athlete.
2. Food may be given to the athletes only with prior written permission from the campus principal.

COACHING, SCHOOL FACILITIES

Q: Can a coach who coaches in grades 7-12 assist with coaching or coach a 7th or 8th grade student in baseball, basketball, football, soccer, softball, or volleyball after the school season outside the athletic period?

A: No. School personnel shall make every effort to see that students understand that the student's participation in non-school activities is strictly voluntary and never required. participation shall not be a prerequisite for trying out for a team.

Q: Can school facilities be made available for recreational purposes during the off season and on Sunday?

A: Facilities may be made available to athlete under the following conditions:

- 1.Recreational opportunities receive advance approval by the local school board and administration (should have board approval).
- 2.The dates and times of operation shall be announced, posted, or publicized so that every student attending that school is aware of the opportunity.
- 3.Each activity is based on a first come, first served basis.
- 4.School coaches are responsible for notifying student athletes in their sport that their participation is strictly voluntary, never required, and is in no way a prerequisite for making the team or getting more playing time.
- 5.No instruction may be given on a Sunday during the off-season of a team sport.
- 6.Someone other than a coach should be appointed to supervise facilities.
- 7.Coaches should not participate with their athletes in the athlete's sport. Such actions place the responsibility on the coach and school to prove they are not violating Sunday and off-season regulations.
- 8.Use of facilities may be restricted to that school's student body.

NOTE: If only members of an athletic team are participating in their sport in an open recreational facility, it could be deemed a violation of off-season regulations.

Q: If a middle school doesn't have a competition field, where do they play?

A: 1. At an opponents field

2. At a central site
3. At a central site on Saturday

STRENGTH PROGRAMS

Q: What is our position concerning strength programs?

A: **Strength Programs**

All middle school coaches are required and directed to implement a strength program for both boys and girls. This strength training program should be part of the regular conditioning both in-season and out-of -season. The program should be inclusive of weights, plyometrics, isometrics, etc. Middle school coaches of individual sports on their campus may use their high school coaching counterparts and/or this office as a source of reference in developing their strength program. We are in hopes of reducing the many injuries reported by both coaches and trainers on an annual basis.

See pages 20 & 21 for Summer Strength and Conditioning policies

SAISD MIDDLE SCHOOL CONFERENCE RULES

MIDDLE SCHOOL PHILOSOPHY

It is imperative that all coaches lead by example and follow the Middle School Philosophy.

- All players who practice and have no discipline issues should play.
- The expectation of the Middle School Coaches is to build programs; therefore, athletes should not be cut from the team to limit numbers.
- Middle School Coaches are expected to support and assist the feeder High School program
- Coaches will run their programs with professionalism, which includes not running up the score.
- Coaches will lead by example and display sportsmanship at all times. This is to include the opponent, parents and the officials.
- The emphasis of the Middle School program is to teach fundamentals to all students who show up to practice – follow the Skill guidelines for each of your sports. Coaches should not utilize a “win at all costs” game plan.

Soccer – 7th grade 1st, 8th grade 2nd

Football, volleyball, and basketball will play a two team concept at each grade level, (7A, 7B). The teams in each zone will compete for zone champions. By eliminating the over all champion, it will allow all teams to compete against schools with similar populations.

If a school cannot fill two teams they will automatically forfeit the B game. The A game quarters will be lengthened by two minutes. Volleyball will be guaranteed three games.

Teams consisting of the following number of athletes must play the two team concept/**or face forfeiture of both A and B games.**

VOLLEYBALL – 16 BASKETBALL – 14 FOOTBALL - 34

Coaches may use their discretion in playing with fewer athletes. Eighth graders cannot play on the seventh grade team.

Athletes can be moved up or down during non-zone and zone games. Coaches may make adjustments to allow a team roster to meet the needs of larger or smaller numbers of participating athletes. Players must sit on the bench and participate in only one game, the B game or the A game. All players who sit on a B or A team bench must be listed in the scorebook and both coaches are to check the official scorebook for correctness. If a two (2) team schedule cannot be played, the A team schedule will take precedence.

Coaches, if you cannot field both a “B” and “A” team, make sure that the Athletic Office is aware of this fact by Tuesday noon of the game week for Thursday games, and Wednesday noon for Saturday games. Follow the transportation section information regarding confirmation of buses. Remember, the home team is also responsible to check on officials and let them know when there will be only one game on their campus.

DETERMINING ZONE CHAMPION

Zone Champions will be determined by a point system using the won/lost records of the A and B teams. Coaches will meet at the end of each season to review the Win/Loss forms and verify the accurate final Zone Standings.

Point System:

- 2 points for an A team win
- 1 point for a B team win
- 0 points for a loss
- A forfeit will give the opponent 2 points for an A game and 1 point for a B game

DETERMINING THE WINNER OF A TIED GAME

Zone football games will count as one-half game won and one-half game lost. (Both teams) Overtime shall not be used in M.S. games

Volleyball games will be played until one of the teams has a two point advantage or the first team to reach a 30 point cap is the winner of that game.

Zone basketball games go into overtime.

Soccer games will be determined by a shoot out (two-two). If still tied, go to shoot out (one-one) until winner is determined.

DETERMINING THE WINNER OF ZONE COMPETITION WHEN POINTS ARE TIED

1. Head to head game record. (Note, that if there are three way ties, once one of the following breaks the 3 way and there are 2 teams, the Head to Head game record always prevails)
2. Best "A" team record in zone play
3. Least number of games forfeited, "A" team and "B" teams combined.
4. For soccer, where there are no B teams, then points scored against the tied teams will be calculated from all zone games, and the team with the lowest total will be declared the winner.
5. If still tied, points scored will be used, up to a 3 point maximum. (All points scored against zone opponents will be added up – maximum 3 points per game- and the team with the highest point total will be declared the winner.
6. A percentage system will be used if some of the matches/games were played within the zone and some were not. (usually due to weather issues).
7. Coin toss

HIGH SCHOOL PHYSICALS

The San Antonio Independent School District physical card and yearly Athletic Department Information insert has been developed for high school athletics. A cooperative effort must be made by the coordinator, athletic trainer, and the coach of each particular sport to have the entire insert completed by the athlete, parent or guardian. It is very important that this yearly insert be signed by the parent or guardian, thereby alleviating problems concerning insurance and doctor referral procedures that may arise

It is the responsibility of the Principal through the coordinator and athletic trainer that all athletes on initial enrollment at the school have a physical and parent or guardian approval permit on file. In addition, each third year participant (junior athlete) is required to obtain a physical. Each subsequent year of participation requires a medical history questionnaire update.

Athletic physicals, parent or guardian approval permits, and all medical files will be housed in the athletic training room under direct supervision of the athletic trainer. Issuance of athletic equipment is not to be allowed unless clearance has been given by the athletic trainer that the athlete has an up-to-date physical, parent or guardian approval permit and all other forms required.

Coaches and administrators do not make doctor referrals or commitments of payment or medical statements.

The athletic trainer will be the sole source (under the direction of the team physician) regarding decisions involving medical treatment of athletes and their practice/playing time.

MIDDLE SCHOOL PHYSICAL PROCEDURES

The following athletes will need to be given a yearly physical: (1) all 6th graders that plan on participating in athletics (2) all 8th graders that plan on participating in athletics at the high school level (3) those 7th graders who are initially participating in athletics or who have transferred from another school district and (4) 7th grade athletes that have responded with a yes answer on the yearly athletic medical history insert. A yes answer on questions 1, 2, 7, 11 or 17 constitutes a mandatory physical.

***It should be noted that it will be the middle school coordinator and middle school coach's responsibility to encourage all prospective 8th grade athletes that will participate in high school athletics to participate in the yearly middle school physical session.

ATHLETIC INSURANCE GUIDELINES

Policy for all Middle School Athletes - Grades 7-8:

SAISD has approved and purchased an Athletic Insurance Plan to cover athletes 7-8.

Procedures for handling claims and medical bills:

Medical Bills: Personal health insurance (example: Blue Cross and Blue Shield) should be applied first on any medical service rendered. The insurance plan will serve as secondary coverage after the personal health insurance has been applied.

*If the athlete has no personal health insurance coverage, the athletic insurance plan will be applied.

Remaining balances on medical statement will be the responsibility of the injured athlete's parent or guardian.

Claims: A claim form for every athletic related injury will be initiated by the respective middle school at which the injured athlete attends. As stated above, personal insurance is applied in all cases and the athletic insurance plan used after or in cases where athletes have no personal insurance.

***Athletic claim forms must be completed fully and forwarded to school insurance company within 60 days of initial injury for payment of medical bills to be made.

***Questions concerning athletic insurance and completion of claim forms should be directed to David Gracia - Insurance Office- Phone number 554-8572, SAISD.

CAMPUS PLAN FOR VIOLATIONS OF UIL RULES AND REGULATIONS

The University Interscholastic League (UIL), through the District Executive Committee and the State Executive Committee, has ultimate jurisdiction over violations of UIL rules and regulations. These responsibilities as well as penalties for violations and the jurisdiction of the UIL District Executive Committee may be found in the UIL *Constitution and Contest Rules*.

The UIL mandates that each campus develop and have on file, available to all coaches, a Campus Plan of Action for immediate in-house handling of alleged violations of UIL, TEA, SAISD, Athletic Office, and Campus rules, regulations, and policies.

GUIDELINES

All personnel involved in the coaching and managing of athletic (or academic) events will be expected to uphold and abide by policies and procedures of the University Interscholastic League in the management of their respective activities as well as specifics identified in the *Recommended Plan of Action* (listed later in this section).

Campus Plan Checklist:

- Establishment of a written timeline calendar. A timeline should be established on every high school campus to ensure dissemination of information to all coaches/sponsors concerning UIL, TEA, SAISD, Athletic Office, and Campus rules and regulations.
- Verification of eligibilities
- Verification of addresses of athletes
- In-services for athletic (and academic) coaches

RECOMMENDED PLAN OF ACTION

The following information represents the SAISD Athletic Offices recommendation for penalty assessments.

UIL/TEA VIOLATIONS:

In UIL/TEA activities where the violation could result in a probable **public reprimand** and/or **suspension** of a player, sponsor, or coach or where the school could receive a public reprimand or suspension, it is recommended that the campus administrator take immediate action. Once the seriousness of the matter is determined and evidence indicates possible wrongdoing, the administrator should relieve all involved parties of their coaching duties until the matter can be referred to the District Executive Committee.

Example of Violations: Ejection from contest *
Coach, player, or fan abusing official
School or coach knowingly playing an ineligible player
Any situation where a coach, sponsor, player, or school representative knowingly violates UIL rules.

* If a coach at any level is ejected from a contest, the coach must meet with the Executive Director of Athletics the next working day, and also may be subject, but not limited to suspension.

STATE, DISTRICT, OR DEPARTMENT POLICY VIOLATIONS:

In activities where the violation does not concern UIL/TEA but does concern state, district, or departmental policies and is serious enough to involve **job termination** or **litigation** involving the school, coach, or sponsor, it is recommended that immediate action be taken to relieve all involved parties of their coaching duties until guilt or innocence is determined. Relieving a person from their prescribed job duties is not intended to establish guilt or innocence before due process is afforded.

Examples of Violations: Hitting a player

Inappropriate conduct between player and coach
Failure to supervise a team properly (destroying property, placing
people in jeopardy or resulting in injury)

GUIDELINES FOR ASSESSING PENALTIES:

SUSPENSION for intentional violation of UIL/TEA rules and regulations or state, district, or departmental policies.

PUBLIC REPRIMAND and POSSIBLE SUSPENSION for negligent violation of UIL/TEA rules.

Guidelines for assessing all UIL/TEA penalties are listed in Section 700 of the Constitution and Contest Rules.

It is the responsibility of any school official within the school district who has information and/or evidence of a possible violation to report this information to the Campus Principal, Athletic Office, or UIL District Executive Committee Chairman immediately.

OFFICIALS

Officials will be provided by the SAISD Athletic Office for all Athletic Office scheduled football, volleyball, basketball, softball, baseball, soccer games, and swimming events.

Game officials assigned should not be changed unless cleared through the Athletic Office. If sub-varsity team officials do not show up for a game, it will be the responsibility of the coach to call said game. In all instances where officials do not show, the officials' association should be contacted by the home team.

HIGH SCHOOL officials will be paid directly through the Athletic Office. MIDDLE SCHOOL officials will be paid by the campus secretary. Officials must have a W-9 and a conflict of interest questionnaire on file.

Official Fee Receipt

The standard five copy form will be used. This form contains the officials name, payroll number, game officiated, score, etc. **These forms must be turned in the next working day after the contest.**

SUPERVISION AT ATHLETIC EVENTS

There must be adequate supervision for athletic events. After games are completed, the home school should provide supervision to visiting teams during their departure from the school campus. Visiting teams should be treated as guests in your school. Courtesy, respect, and supervision should prevail at all times.

The Principal is in charge of any activity held at his/her campus. It is the responsibility of the Principal to have administrative personnel present at all functions held at the school. Where upon the home team has to play away because of construction constraints, or playing at another location, it is still the home team's responsibility to provide supervision at the away campus and at central sites.

Security for on-campus activities will be the responsibility of the Principal. The Athletic Office will provide security for all varsity contests at central sites. It is strongly recommended that security be provided for all athletic events.

GAME ADMINISTRATION RESPONSIBILITY

In all UIL varsity athletic team contests, a game administrator shall be appointed by the home school. That person must be an administrator, teacher or a coach (other than the game coach). It is required that a game administrator be designated by the home school for all non-varsity athletic team contests. The responsibilities of the game administrator are as follows:

- (1) see that officials are directed to their dressing room.
- (2) meet with the officials prior to game time (preferable on the playing field or court).
- (3) inform the officials where the game administrator will be seated.
- (4) address crowd discipline before it escalates
- (5) assist the officials if they need to discourage un-sportsmanlike conduct of a fan, player, or coach (such as removal from the gym).
- (6) check with the officials after the game to see if there is any misconduct that needs to be reported.
- (7) offer to provide an escort for the officials to their cars.
- (8) report incidents to the appropriate school administrator (home team or visitor).
- (9) report severe verbal abuse or physical contact of the official and any ejections of coaches and fans to the UIL office in writing within the next two working days.

***** There will be no food, signs, beverages, balloons or noisemakers brought into any central site facility.**

Cancellation of games rests with the Athletic Office first. If any of the above situations occur, the following lines of communication are to be followed to correct the situation whether it is the rescheduling of an activity, the canceling of an activity, or both.

1. When any environmental conditions interpreted by the Athletic Office as being hazardous to the health and well-being of our participants occurs, the Athletic Office will contact the appropriate school offices, notify them of the cancellation and of the rescheduling (if necessary) of the activity.
2. If, on any campus, some unforeseen problem occurs that would affect the playing of any game (example, a water line breaking in the middle of the football field), the principal will call the Athletic Office notifying them of the situation. The Athletic Office will then investigate the overall situation in regards to whether or not the game site can be changed and if the game may still be played or canceled and rescheduled at a later date.
3. Coaches must always keep the school administrator and the Athletic Office informed of any schedule problems or changes within a timely manner.

GAME REPORTING

FOOTBALL REPORT FORMS – H.S.

1. **Weekly Game Report.** Two copies are to be made, one copy to the district chairman each week, and one copy remains on file at the home school. Do not mail the game report to the UIL office. These forms are to be used by the district chairman and the local school. Forms found on UIL Website.
 - a. *Who to report?* All students who represented your school in high school games in that particular week.
 - b. *How to list names?* As closely as possible enter the names as you have them listed on your original eligibility list. Example: John Doe, rather than J. Doe.
2. **Injury Report.**
 - a. *Who completes and sends in injury blanks?* Only the district chairman's school will complete and send in injury reports (for his school only). The only other reports required will be from any school that has a fatality or an injury resulting in paralysis. Forms found on UIL Website.
 - b. *How many copies?* Make an original and one copy. The district chairman completes his original injury blank and sends the original to the League office in Austin. Staple one copy to your Game Report for that week for your files.
 - c. *What is an injury?* Usually if the athlete misses a game or workout it is deemed an injury. (An exception would be some type of non-football related illness.) Certainly, if an athlete requires medical treatment from a physician, an injury report should be filed. A good rule-of-thumb: When in doubt as to whether it is an injury - report it!

ALL SPORTS

When SAISD schools are playing on-campus contests, the home team has the responsibility of notifying the newspapers. Likewise, on all out-of-town trips, all scores and results need to be called into the local media as soon as possible.

H.S. Cross Country, Tennis, and Track coaches must submit a weekly results report to the athletic office by the end of the first working day following a match/meet/tournament. Forms can be found on the athletic website under each individual sport.

Pre-season newspaper questionnaire, weekly statistical reports, all-tournament results, and any other information requested by the media needs to be forwarded as soon as possible.

All Coaches shall enter the results from the event in Rank One immediately following the event. Results shall be posted for both the 7th and 8th grade for middle school, and the Freshman, JV and Varsity for high school.

ALL coaching ejections shall be reported to the principal, athletic director, and campus coordinator immediately following the game. Any athletic contest suspended due to misconduct by a coach, player, or fan shall be reported immediately to the principal, athletic director, and campus coordinator. ***All coaches ejected from an athletic contest are required to meet with the Executive Director of Athletics the next working day following the ejection.***

COACHES RESPONSIBILITIES

ADMINISTRATOR

Because of the tremendous role played by the Coach in the total educational process, it is imperative that a good workable relationship exist between the coach, principal, and the athletic administration. It is desired and expected that the Coach supports all policies on rules and regulations pertaining to athletics.

Controversial matters should be discussed on a professional level. Differences of opinion must be discussed privately and not aired to the public. Once a final decision is made, it should be accepted and supported by all parties involved. Suggestions and positive input that may improve the athletic program are welcomed and encouraged.

SCHOOL

A coach's relationship with the school that he/she represents should be one of respect, integrity, and dignity. **It is the responsibility of the coach to keep the school abreast of the activities included in the athletic program and the time and place of each event.** The coach should work with the Principal in making plans and arrangements for athletic events. Because of common interest and concern shared by the coach and other teachers in the development of students, the relationship between these professionals should be complimentary rather than critical or non-supportive. The coach should make students and the student body aware of purposes and advantage of having an athletic program in their school. Of course, new rules, regulations, and other pertinent information should be interpreted to students and members of the student body.

PLAYERS

The Athletic Coach should be highly respected by parents, community, and athletes. In fact, the coach should be a model by which athletes imitate and identify behavior. The coach has a great influence on the behavior of his/her players. Therefore, the coach should be conscious of his/her conduct and actions at all times. The coach should set examples of good character for all athletes: (1) refrain from using tobacco products, drinking, or using profanity while athletes are under his/her supervision (2) act in a professional and sportsmanlike manner at all times; (3) teach players to win with dignity (without boasting or taunting opponents) and to lose with no ill-feelings or bitterness toward opponents; (4) emphasize respect for decisions made by officials and others that are in authority.

PROCEDURE FOR HANDLING ATHLETIC INJURIES

The Athletic Coach has a great responsibility in the protection of those entrusted to his/her care. The coach should not jeopardize the safety and welfare of athletes for personal prejudices or glory. Any teaching of illegal means of winning or disregard for proper rules and regulations governing sports should not be tolerated in the coaching profession.

(A) It is the responsibility of the trainer assigned to any athletic event to treat injured athletes and determine whether or not the athlete continues to play. The Athletic Trainer has the authority to refer an athlete to a physician for treatment.

(B) If any injury occurs during an athletic event where a trainer is not assigned, it is the responsibility of the coach to see that the injured athlete is taken to a physician.

OFFICIALS

Officials are to be respected by coaches and players at all times. The officials must have the support and cooperation of each coach if he/she is to perform his/her duties to the best of his/her ability and with honesty and dignity. It is the responsibility of the officials to make decisions regarding all plays (controversial or non-controversial). Unethical conduct toward officials should not occur. Controversial decisions should be discussed privately (not aired to the public, sportscaster, or news media) by the official (s) and coach (es) involved. Derogatory statements made about officials, publicly, is a UIL violation.

PUBLIC RELATIONS

The press, radio, and television can be useful mediators in sports when utilized in a positive and constructive manner. Coaches should use discretion when making comments or giving information about teams or players. Undesirable or negative information **must** be avoided. It is advisable to channel injuries, disciplinary measures, academic difficulties, or eligibility problems to the proper authority instead of airing to the press, radio, and television. Any propaganda or

information that may be detrimental or discreditable to the athletic program should be handled with tact. If there is uncertainty when approached by the news media, always refer them to the Athletic Department.

SPONSORED ACTIVITIES

All coaches will be expected to work in the SAISD's sponsored activities when requested by the Athletic Department. Principals are to assign a sufficient number of coaches to all activities in which teams representing his/her school are participating.

CONTEST

Coaches are to accompany their teams qualifying for District, Regional, or State playoffs or tournaments with no loss of pay because of absence from school.

PROFESSIONAL DISCRETION

Coaches should not put themselves in compromising positions in which their professional discretion is questioned.

SOCIAL MEDIA

The following excerpts are quoted from SAISD Administrative Procedures D36 pages 1-4. Please read the full policy for your own protection.

II. PERSONAL USE OF ELECTRONIC MEDIA

As role models for the district's students, employees are responsible for their public conduct even when they are not acting as district employees and even if it is not during employment hours or on district property or equipment. If an employee's use of electronic media (or the publicity arising out of such use) interferes with the employee's effectiveness at the District or reasonable calls into question the employees' judgment, the employee may be subject to disciplinary action, up to and including termination of employment.

If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for and may be subjected to disciplinary action for the content on the employee's page, including content added by the employee, the employee's friends or members of the public who can access the employee's page, and for Web links on the employee's page.

III. USE OF ELECTRONIC MEDIA WITH STUDENTS

Note: An employee may request an exception from the above limitation by submitting a written request to his or her immediate supervisor
- The employee is prohibited from knowingly communicating with students through a personal social network page unless the employee has created a separate social network page (a "Professional Page") for the purpose of communicating with students.
- The employee must receive a signed and completed copy of the Participation in Electronic Media Parent Permission Form [Form D36-A] prior to communicating with any student through a form of electronic media that is private or password protected. This includes all emailing or texting (even if more than one person is part of the communication) or any social media format that requires a password or permission to access.
- The employee does not have a right to privacy with respect to communications with students and parents.

- Upon request from a parent or student, the employee shall discontinue communicating with the student through e-mail, text messaging, instant messaging or any other form of one-to-one communication.

ATHLETIC EQUIPMENT CONTROL

NEW EQUIPMENT

Each head coach selects his/her equipment. Allotment is based on needs relative to inventory and participation. All new equipment shall be purchased by the Athletic Department on a basis compatible with the best interests of the SAISD, and in accordance with purchasing procedures which are established by Board policy.

ISSUANCE AND RETURN OF EQUIPMENT

The issuance of equipment shall be made at the opening of the season in reasonable quantities for the seasons needs. Issuance is made from Alamo Stadium and shall be recorded on the proper form.

Signature by the schools representative will represent the schools acknowledgment of responsibility for inventory of equipment at the close of the season. Items damaged or destroyed through normal wear and tear will be picked up by the Assistant Athletic Director in charge of equipment at the end of the season and taken to an athletic repair company. Exchanging of equipment between the high school and middle school is also the responsibility of the equipment custodian.

Upon receipt of equipment by a school, each issuance of equipment to an individual participant shall be recorded and acknowledged whereby receipt is acknowledged. This form will be held at the Athletic Office to determine the individual (s) responsible for equipment shortages, if any, which are discovered at the close of the season when all equipment is inventoried by equipment custodian for necessary cleaning, repairing, storing, etc.

During each season it shall be the responsibility of the equipment custodian to maintain a sufficient inventory of equipment to replace damaged items. Repairs should be made as needed to maintain equipment in usable and safe condition. Whenever possible or practical, damaged items should be investigated as to possibility of return to vendor source for repair or replacement under warranty provisions (helmets, etc.).

NO SCHOOL WILL PURCHASE ADDITIONAL ATHLETIC SUPPLIES (I.E., SHOES, UNIFORMS, ETC.) WITHOUT PRIOR APPROVAL OF THE ATHLETIC OFFICE AND SCHOOL PRINCIPAL.

All coaches purchasing athletic equipment from their own fundraisers will report it on their regular inventory. Make sure purchases are identified as either athletic office purchases or school purchases.

All equipment is to be purchased, received, issued, and picked up for repair in essentially the same manner as before mentioned. Items such as socks and supporters are considered as being of an expendable nature and not subject to charge back as missing items. Other items are to be cleaned, repaired, and boxed for re-issuance to that school upon their request with minor supplemental issuance of new equipment where deemed necessary by the equipment custodian. The Athletic Office will not be responsible for the repair or replacement of any equipment not purchased or issued by the Athletic Office.

Issuance shall be made to the coach in reasonable quantities for season requirements. It is the responsibility of each coach to conserve this equipment to the greatest extent deemed possible.

Coaches are not to wear school equipment meant for student use (i.e. shoes, letter jackets,) unless purchased by the coach.

Disposal of all unusable athletic equipment is authorized as scrap if, in the opinion of the Director of Athletics,

the equipment has no resale value at auction or could be traded by SAISD for new equipment; hence, **advance approval** of such action by the Director of Athletics is necessary. Equipment that is to be destroyed should be brought to Alamo Stadium for inspection and disposal. The Head Coach and Athletic Coordinator should fill out the disposal form and schedule an appointment with the appropriate Assistant Athletic Director.

In case of break-ins, a list of all stolen equipment will be made and turned in to the Athletic Office over the signature of the responsible coach and principal. Also contact SAISD Chief of Police at 271-3124.

Any equipment lost by an athlete shall be paid for by that school according to the price list provided by the Assistant Athletic Director in charge of equipment. Monies collected for such equipment shall be turned in to the school bookkeeper or secretary and deposited into the general athletic account.

No changes in uniform colors or designs will be accepted by the Athletic Office unless approved in writing by the school board.

At the conclusion of every football season, the equipment custodian along with a representative from the authorized repair company will go to every school that participated in athletics and examine every item that may need certification, repair, or rejection. The helmets on the high school level are on an every other year certification schedule and all other protective equipment is repaired as needed so as to extend the useable safe life of the unit. All helmets are rejected at the end of eight years as this is the projected life of the plastic. All coaches are to monitor the equipment during the season for any defects and report this to the equipment custodian for immediate repair.

SAN ANTONIO INDEPENDENT SCHOOL DISTRICT

PROCEDURES FOR EVALUATING COACHES

1. The school principal and athletic coordinator will meet at the beginning of each school year to set goals, objectives and make decisions regarding the upcoming athletic season. Principals may complete an evaluation record ahead of the designated appraisal period if a coach's performance does not meet expectations as defined by the athletic department, campus administration and according to standards established in the CER.

Evaluations completed prior to the end of the school year may be re-opened and revised to reflect current changes in the coach's performance, if warranted. In this instance, the coach will receive a copy of the adjusted CER.

A rating of *Not Applicable* shall be considered when any criterion does not apply.
7. A copy of the signed CER will be given to the coach during a private conference. Copies will be sent to the Athletic Department and placed in the employee's Human Resources personnel file.
8. Recommendations for improvement shall be provided whenever a coach's performance is rated as *Needs Improvement* or *Unsatisfactory* in any area.
9. Ratings of *Needs Improvement* or *Unsatisfactory* must be supported with appropriate documentation. Documentation should be developed prior to the completion of the evaluation record and per

cumulative data rules as defined by the **San Antonio Independent School District Teacher Appraisal System**. Justification for ratings of *Needs Improvement* or *Unsatisfactory* must be provided in the *Comments* section of the CER.

10. Principals and coaches will receive training on the appraisal instrument and appraisal process at the beginning of each school year and as changes are made. New principals and coaches will receive training as soon as practicable upon hiring.
11. The Athletic Department is available to assist coaches and principals with the appraisal process, as needed.
12. Coaches who disagree with their appraisal may submit a written response to the principal/assistant principal no later than ten (10) working days after receiving the CER. If submitted, responses become part of and attached to the appraisal record.

ATHLETIC TRAINING POLICIES AND PROCEDURES

INSURANCE POLICIES

GENERAL

Each high school will have their own trainer who will service their feeder middle schools.

SPECIFIC

Policy for all middle and high school athletes - grades 7-12:

SAISD has approved and purchased an athletic insurance plan to cover all athletes, grades 7-12.

PROCEDURES FOR HANDLING CLAIMS AND MEDICAL BILLS

IN SEASON PARTICIPATION:

Medical Bills

Personal health insurance (ex: Blue Cross and Blue Shield) must be applied first on any medical service rendered. A copy of all bills should be sent to the high school trainer sending the injured athlete. The athletic insurance plan will serve as secondary coverage after the personal health insurance has been applied.

*If the athlete has no personal health insurance coverage, the athletic insurance plan will be applied.

Remaining balances on medical statement will be the responsibility of the injured athlete's parents or guardian.

Claims

A claim form for every athletic related injury will be initiated by the high school trainer who has referred the injured athlete. Claims on injuries will be handled at each individual school. As stated above, personal insurance is applied first in all cases and the athletic insurance used after or, in cases where athletes have no personal insurance.

All high school injuries will be handled by the trainers and designated physicians unless otherwise stated.

Coaches do not make doctor referrals or commitments of payment on medical bills under any circumstances.

OFF-SEASON PARTICIPATION:

Claims

Claims for off-season athletic injuries will follow the same procedures as in season injuries.

***Off season injuries will only be considered for payment if they occur in adherence with the Constitution and Contest Rules of the University Interscholastic League.

All Sports Except Football

Off-season workouts. Accelerated physical education activities, calisthenics, skills, or conditioning exercise may be conducted during the school term within the school day provided it does not exceed one 60-minute period within the school day. This 60-minute period includes dressing, the actual off-season conditioning, etc. Off-season classes- before or after school, or during the noon hours- are specifically prohibited.

Football

Off-season workouts. Accelerated physical education activities, calisthenics, individual football skills, or conditioning exercises may be conducted during the school term within the school day (provided it does not exceed one 60-minute period with the school day). Classes before or after school or during the noon hours are specifically prohibited. Allowed equipment during the off-season is limited to a football, molded rubber sole cleated shoes, and physical education attire worn in regular physical education classes.

PROCEDURES REGARDING EMERGENCIES AT ALAMO STADIUM AND SPORTS COMPLEX

Generally speaking, the Athletic Trainer will be the first qualified individual to examine the athlete. If the Athletic Trainer desires further consultation, he will consult the physician in attendance. In the absence of a physician the Athletic Trainer will make the decisions based on his experience of having handled previous injuries of this nature. Immediate treatment will be based on the athletic trainer's knowledge. The decision of whether or not an athlete returns to the contest will rest with the physician if in attendance and the athletic trainer.

*****IMPORTANT-** Parents will not be allowed on the field or sidelines unless requested by the trainer or physician.

If the injury is such that the parents can be the source of transportation to the hospital, the Athletic Trainer or Physician may call on them. If the injury is such that the athlete will not be further injured by staying at the contest, medical consultation may be delayed until after returning to the school. All head coaches will be notified as soon as possible as to the status of the injured athlete.

SPECIFIC PROCEDURES FOR HOME GAME INJURIES

1. **Head Injuries.** If the athlete loses consciousness for any period of time he/she will be transported to the hospital by EMS as soon as possible. If the athlete shows unusual signs and symptoms that indicate a head injury he/she will be removed from the contest and observed and treated until said signs and symptoms dissipate. He/she will not be allowed to play anymore in the game. The following are distinguishing signs and symptoms of a head injury:

- Loss of consciousness
- Disorientation
- Inability to move any body part
- Unequal size of pupils
- Vomiting and/or nausea

After returning to the school, if the athlete is still having the signs and symptoms of the head injury, the athlete will be taken to the hospital. If the signs and symptoms have subsided enough so the athlete is permitted to go home, the parents are notified of the head injury and alerted to the problems that may arise later on in the night. If these problems do arise the athlete is taken to the hospital as soon as possible by the parents.

2. **Suspected Spinal Injury.** Under no circumstances will the athlete be moved until the physician and trainer have thoroughly examined the athlete to make a tentative diagnosis. Only then will the athlete be moved, but proper methods for movement should be used so as not to incur further damage. Transportation by ambulance or EMS will be at the discretion of the physicians and trainers. A parent who wishes to ride with the injured athlete may do so to ensure immediate treatment at the hospital upon arrival.
3. **Internal Chest or Abdomen Injury Procedure.** The trainer and physician will both examine and evaluate the extent of injury determining whether or not the athlete may continue in that particular sport. After returning back to the home school, parents should be notified of any symptoms and what to look for in case complications might arise.

PROCEDURES FOR STRAINS, SPRAINS, CONTUSIONS, FRACTURES, DISLOCATIONS, AND SEPARATIONS

Etiology, symptoms, and signs noted by the Athletic Trainer with consultation from attending physician will determine if further evaluation is needed. Strains, sprains and contusions should be treated with ice (ice massage, ice bag, or immersion in a bucket of ice) along with a wet ace wrap for compression. Elevation should be employed to control swelling. If the athlete experiences difficulty in walking, crutches should be used. All these methods should be continued until the trainer or physician directs otherwise. The following day the injury should be re-evaluated to determine if further consultation is needed. Should the injury be re-injured or fail to respond in the normal time, the athlete is sent to the physician. In all cases, only the trainer and/or physician will determine the playing or practice status of the athlete.

Fractures, dislocations, and separations will be treated in this manner:

Etiology symptoms and signs will determine if this injury should be treated at the scene or if hospitalization is needed. Treatment will include ice compression and splinting to provide immobilization, keeping in mind the pain threshold of the athlete. Any further treatment will be directed only by the trainers and or attending physician. Parents might be used to transport the athlete to the hospital for extensive evaluation if the trainers and physicians wish to take this course.

HEAT STROKES

Heat stroke is an acute medical emergency with three major manifestations:

Profound dysfunctions of the central nervous system:

Weakness, dizziness, fainting, loss of consciousness leading to coma.

A temperature of 105 degrees or over

Hot, red, dry skin

There are two forms of heat stroke that can be seen. The classic variety is not associated with exertion. It usually occurs during periods of intense heat waves especially if the humidity is high. Normally, it is seen in the aged, the debilitated, the chronically ill and the obese. The second variety occurs in healthy individuals performing work at such intensity that the heat produced from muscle contraction cannot be dissipated fast enough. Their heat load amounts progressively and high fever follows. We are here concerned only with the second form of heat stroke. In nearly all cases this type of heat stroke is preventable.

Steps to take to prevent heat stroke from occurring in healthy individuals who are performing too much work:

At the beginning of the athletic season try to schedule practice sessions during cool hours of the day. If this is impossible, the practice session must not be too rigid at the beginning.

Getting use to the heat and being able to work in it is achieved by gradual stepwise increase in the amounts of heat stress. When fully developed, a man can perform work or exercise in a hot climate without discomfort. Before acclimatization, such work might have been intolerable or even fatal.

Approximately two weeks are required.

*** Plenty of water and ice should be provided during all the practice sessions and the athlete should be encouraged to drink as much as he wants. The water should be cool and attractive in appearance to encourage maximum ingestion. The athlete should be given plenty of time to drink water whenever he wants it.

It was once held that an individual could not become physically conditioned if he consumed water during practice or a game, this could add the possibility of heat stroke and dehydration of body cells.

It is for the same reason that the entire football uniform complete with helmet need not be worn throughout the entire practice session especially during hot, humid days. There has been some belief that this practice of wearing the entire uniform throughout the practice session is necessary for toughening up of the athletes. Be that as it may, it also causes more interference with heat loss and therefore heat stroke is much more likely to occur.

Any injury that causes the athlete to miss practice/games or if medical assistance is needed, the injury will be recorded and the parent notified by coaches or trainer. All treatment before and after injury will be kept on a daily record keeping basis.

AWAY GAME PROCEDURES

The trainer will make all decisions regarding treatment, playing status, transportation and parent notification on any injury where a physician is not in attendance. These decisions will be based on the trainer's previous background and knowledge of athletic injuries.

The trainer will keep at all times the welfare of the injured athlete as their prime concern. If a physician is in attendance, the trainer may seek their opinion and the physician may advise concerning treatment, transportation, and playing status of the athlete. If the injury is to the extent that the trainer feels the parents should be notified then every attempt will be made to find them and relate the extent of the athlete's

HOT SPOTS HEAT ILLNESS

Since your body is more than half water losing fluid through sweat may cause dehydration and result in heat illness possibly requiring medical attention. If you don't replace spent fluid, dehydration also hampers endurance and reduces muscle strength and power. Watch for these symptoms during exercise as signs that your body is low on fluids, especially under hot and humid conditions. The chart below shows the signs of the heat illness, from heat cramps to heat stroke, with increasing severity. Some of the warning signs overlap and symptoms vary from person to person. Treat heat cramps or heat exhaustion with fluid replacement and apply icy packs to cool your body. **HEAT STROKE IS A MEDICAL EMERGENCY! SEEK TREATMENT IMMEDIATELY!**
