

Social Studies

Grade 2

3rd Nine Weeks

This academic overview can be used to monitor and support your child's at-home learning progress.

Unit 4: Economic Decisions and the Community

Student Learning Targets

- I can explain how work provides income to buy goods and services.
- I can explain the choices people make to earn, spend, or save money.
- I can distinguish between consuming and producing goods and services.
- I can describe how science and technology have affected how people meet their basic needs.

Questions to Check for Unit Understanding

- Why do people work?
- Why do people choose to spend or save their money?
- How are consuming and producing different?
- How do science and technology help people meet their basic needs?

Key Academic Vocabulary

- Consumer - a person who buys and uses goods and services
- Producer - a person or business that makes or grows a good or service
