2022-23 CHOICE IN / CHOICE OUT

BRIEF CRITERIA ANALYSIS

Fenwick only meets one of the primary criteria, facility use. Fenwick has more favorable Choice In / Choice Out numbers than other potential candidates for rightsizing in the neighborhood, including Ogden. Fenwick will receive students from Huppertz Elementary to ensure that current Huppertz students receive continuity of International Baccalaureate programming. It is projected that in 2024 there will be 837 students at Fenwick Academy.

BENEFITS OF RIGHTSIZING

Rightsizing will lead to increased enrollment and additional resources. How those resources are used will be decided by the school's principal, staff and Campus Advisory Council. Rightsizing decisions will lead to early childhood services in every elementary school, fewer split grade levels or teaching assignments, more courses or full-time specialty teachers (art, music, AVID, etc), increased staff collaboration, additional student services (mental health, social work, academic intervention, etc), more robust dual language programs, greater access to extracurriculars, and increases to campus budgets for positions like library services, Family and Community Engagement Specialists, and instructional coaches.

With Fenwick receiving students from Ogden and Huppertz, more students and families will gain access to:

- ASL instruction;
- Full time music and art teachers;
- On-campus ALE instruction;
- Access to International Baccalaureate programming to support the development of global citizenship and academic excellence.
