2022-23 CHOICE IN / CHOICE OUT

BRIEF CRITERIA ANALYSIS

Sarah King has a higher enrollment than Storm, and families are also choosing to attend Sarah King at a higher rate than they are choosing Storm. By receiving students from Storm, Sarah King will become a well-enrolled elementary school. In addition, Sarah King was fully replaced as a part of the 2010 bond, and is a better facility. It is projected there will be 658 students at Sarah King in 2024.

BENEFITS OF RIGHTSIZING

Rightsizing will lead to increased enrollment and additional resources. How those resources are used will be decided by the school's principal, staff and Campus Advisory Council. Rightsizing decisions will lead to early childhood services in every elementary school, fewer split grade levels or teaching assignments, more courses or full-time specialty teachers (art, music, AVID, etc), increased staff collaboration, additional student services (mental health, social work, academic intervention, etc), more robust dual language programs, greater access to extracurriculars, and increases to campus budgets for positions like library services, Family and Community Engagement Specialists, and instructional coaches.

With Sarah King receiving students from Storm, more students and families will gain access to:

- Full-time elementary art and music teachers;
- On-campus ESCE self-contained and ALE instruction for students needing specialized programming;
- A more robust and sustainable dual language program with highly qualified bilingual teachers and without grade level splits.
