2022-23 CHOICE IN / CHOICE OUT

BRIEF CRITERIA ANALYSIS

Storm meets two of the primary criteria--it has low enrollment and under-uses its facility. Families are “choicing out” of Storm at a higher rate than other schools in the region.

The Storm facility is also in worse condition than either of the campuses that will receive Storm ES students. This decision will increase Sarah King and Barkley/Ruiz enrollment to levels the schools enjoyed in the mid-2010s.

BENEFITS OF RIGHTSIZING

Rightsizing will lead to increased enrollment and additional resources. How those resources are used will be decided by the school’s principal, staff and Campus Advisory Council. Rightsizing decisions will lead to early childhood services in every elementary school, fewer split grade levels or teaching assignments, more courses or full-time specialty teachers (art, music, AVID, etc), increased staff collaboration, additional student services (mental health, social work, academic intervention, etc), more robust dual language programs, greater access to extracurriculars, and increases to campus budgets for positions like library services, Family and Community Engagement Specialists, and instructional coaches.

With Barkley/Ruiz and Sarah King receiving students from Storm, more students and families will gain access to:

- Enhanced mental health and social services ;
- Head Start programming, resources and services;
- A more robust dual language program; and
- Full-time music and art teachers.
